IS2220 – Essentials of Laws

Assignment No. 02

Topic

Elements and areas of IT Law under the legal systems of Sri Lanka.

Introduction

Most of Laws applicable in Sri Lanka can be categorized by the subject areas in line with Civil and Criminal Law. There are several laws that deal with specific areas such as Law of Contract, Law of Delict, Law of Property, Information Technology Law, Business Law etc. The Legal Systems of Sri Lanka stems from many numbers of subdivisions. Main areas of IT Law is Law of Internet, Cyber Law, e-Commerce Law etc. Thus, IT professionals have to attend legal issues of IT Law. Hence, IT professionals should identify elements and areas of IT laws under the legal systems of Sri Lanka.

Tasks

1. Identify the different elements of IT Law in Sri Lanka.
2. Explain main areas of IT law in Sri Lanka.

Methodology

- Students shall work in groups of four (04) members.
- Students are expected to produce a report identifying the contribution of each member. The students shall produce a course work report in A4 size papers with a **maximum** of 2000 words and need to be submitted through Moodle on or before 4.00p.m. on the given date of

submission. The report shall include the following:

1. The course work brief
2. An introduction
3. Body text (preferably in appropriate chapters)
4. Conclusion
5. References – e.g., Legislative Enactments, Case Law etc.
6. Annexes of Acts/ Ordinances and Regulations (If any)
7. Summary of individual contribution self-written by each member limited to one page.

The text of the report shall be concise. The use of graphical and tabulated information is encouraged where appropriate. Students are expected to participate for an individual viva.
